Best Practices

In our college we conduct TWO best practices.

- "**Computer Forum".**
- **"Green Club".**

Best Practice 1

"Computer Forum"

Goals:

- To improve soft skill of students.
- To acquire new upcoming technologies in computer field.
- To make overall improvement of student to face global competition.
- To improve the Presentation skill of students for interview techniques.

The Context:

The Dhanaji Nana Chaudhari Vidya Prabodhini Sanchalit Shirish Madhukarrao Chaudhari College, Jalgaon has established computer society named as "Computer Forum" in the academic year 2008-2009. The basic aim behind establishment of the forum is to make the students competent for global competition. The computer forum was inaugurated by Ex Vice Chancellor Dr. K.B. Patil. The main intention of establishment of Computer Forum is to guide the students in building their career and boosting them to know the challenges in the world at the same time provide them the platform to build versatile personality suitable for industry as well as society.

The Practice:

Computer Forum has organized various university level and state level programs. Personality development lectures & seminars on various topics based on current trends in computer science as well as management are organized by computer forum. This practice goes beyond syllabus to develop inherent skills of the students. It enables students to learn about basic management skill like planning, execution, co-ordination and organizing events etc. The programs of computer forum are totally organized and conducted by the students under the guidance of faculty members.

The programmes conducted during the Academic Year 2017-18:

Problem Encounter and Resources Required:

- Trained industrial resource person for personality development and soft skill are not easily available in city like Jalgaon.
- Fund rises for big events is a problem.
- To motivate the student from rural area to participate in event.

Resources Required:

- Fund for conducting the event.
- Formation of event management team.
- Seminar hall, LCD, computers, ICT lab etc.

Best Practice 2
"Green Club"

Goal:

- To create the environmental awareness among the students and society.
- To aware students as well as people to keep pollution free environment.

The Context:

The college has decided to create awareness on the pros of environmental safe keeping. Since 2010-2011 every year college celebrate ozone day on 16th September to increase awareness in the society about the importance of ozone layer. The college has organizes different seminars and conferences, poster & paper presentation. Every year college carries out the tree plantation activity to fulfill the above goal.

The Practice

- **Ozone Day:** Since 2010-2011 every year college celebrate ozone day by arranging Ozone rally or poster presentation event on 16th September to increase awareness among the people about the importance of Ozone layer. In rally, students gave slogans about importance of plants and ozone layer. They hold posters about environment awareness in their hands. The selected route of this rally is convenient for passing the message of environmental awareness to maximum people.

- **Tree Plantation:** Every year our college conducts "Tree Plantation Program" in college campus and surrounding area of the college campus and also in NSS adopted village.

- **Swachhata Abhiyan:** To create awareness about cleanliness in citizen as keeping surrounding clean is an effective way in which a citizen can serve his country. Besides the government initiative to maintain swachha Bharat; our college also drive "Swachha Bharat Abhiyan" in many places like as Near college campus, at stadium area, Jalgaon region, at adopted village with the help of NSS unit and college staff. Also every year our NSS unit conducts "Nirmalya Sankalan" Programme in the period of Ganapati Festival.
